

Fort Roberdeau Tin Punch

Materials Needed

- 5"x7" flashing shingle (mill finish aluminum)
- Masking tape
- Fort Roberdeau Template
- Board
- Nail
- Hammer

Instructions

1. Cover the sharp edges of the shingle with masking tape.
2. Tape the template to the shingle.
3. Place the shingle with the attached template on a board to support it for pounding.
4. Hammer the nail into each dot on the template to create a series of divots outlining the fort.

Ford Roberdeau Template

Cut out along the dotted line.
