

Step 1 Development

I Have an Idea!

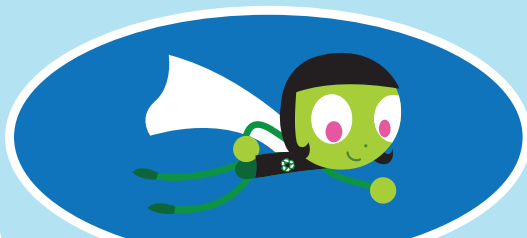

Think of an idea.

Brainstorm with other creators.

Create Your Own Superhero Story!

What's your superpower?

Where does your story take place?

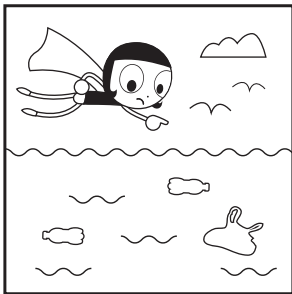

How could you help others with your superpower?

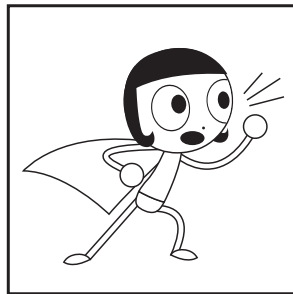

Step 2

Pre-Production

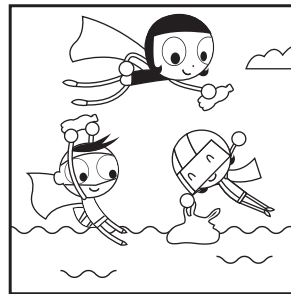

Plan Your Story!

1. "Oh no!
There is garbage
in the ocean!"

2. "We have to help!"

3. "Let's work
together to
clean it up!"

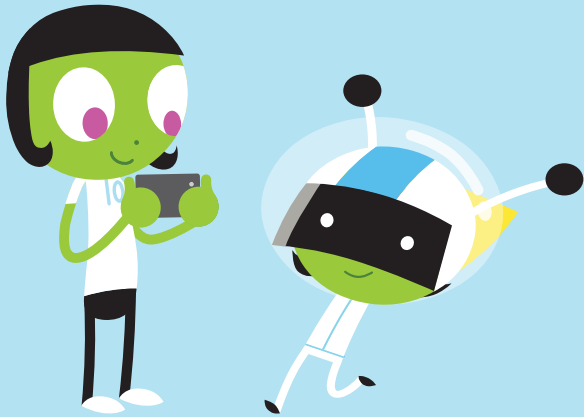

Plan out your story with a Storyboard!

Explore templates and videos on how to create your own Storyboard.

Step 3 Production

Choose How to Make Your Story!

Record a video.

Perform on a stage.

Create an animated story.
Try stop-motion animation.

Record your voice as
you read your story.

Draw your story.

Write out your story
for others to read.

Step 4 Post-Production

The Final Touches!

Use software to edit and add graphics and effects to make your story **POP!**

Add music to create mood.

Add sound effects to bring your story to life.

Squishing wet noodles sounds like octopus tentacles.

Tapping coconut halves sounds like a horse trotting.
